	Questions	Points
	Reading	
R	<p>Read the following text and answer the questions.</p> <p>Hundreds of years ago, umbrellas were symbols of power. Kings, sheikhs, popes, and other rulers believed that owning these sunshades added to their importance. The more umbrellas a ruler had, the more he impressed others; and the bigger his umbrellas, the more power the owner appeared to have. It seems strange to us today that such an everyday object could have once been used to differentiate rulers from ordinary people. Yet at that time, an umbrella was an unambiguous symbol of power. Similarly, cultures today employ many common things, including clothing, as symbols of social rank.</p> <p>For example, in the civil courts of law in many countries, judges wear long robes, usually black, that cover their ordinary clothing. The robes identify the judges' role in the courtroom and symbolize their power to administer justice. The gavel that judges rap to call court and keep order is another such symbol of power. In Britain and most Commonwealth nations, judges and certain court officials also wear white wigs that symbolize their roles.</p> <p>52. What does a judge officially wear in many countries?</p> <p>53. What does bigger umbrella mean hundreds of years ago?</p>	2
	<p>True / False</p> <p>54. Hundreds of years ago, the umbrellas that kings, sheikhs, and pops acquired became indexes of their high positions in society.</p> <p>55. In those days, kings don't like to have more umbrellas.</p>	1
	<p>Choose the best answer.</p> <p>56. Which one of these isn't a judge's object in a court? a. long rob b. white wings c. gavel d. hat</p> <p>57. While wings used in the court is common in a. all the countries b. South Africa c. the Unites States of America d. London and Commonwealth nations</p>	1
